»»» Professional Monitoring

EnergyTrak alerts your dealer of any service needs or status changes for fast, real-time support.

BRIGGS & STRATTON
ENERGY SOLUTIONS

ENERGYTRAK™

Generator & Battery Monitoring

Peace of Mind with Connected Support

Real-Time Monitoring & Instant Alerts:

Receive instant alerts on your smartphone or tablet about power outages and service needs. Remote monitoring allows your dealer to diagnose and address issues quickly.

Works With Leading Standby Generators:

Whether you are installing a new generator or have had one for years, EnergyTrak is easy to install - on a Briggs & Stratton® generator or another brand.

Easy-to-Use Mobile App:

EnergyTrak's streamlined design makes it easy to see key information about your generator.

Unified Monitoring:

Monitor your Briggs & Stratton generator and home battery system from the same app for a complete picture of your home's available backup power and energy.

Know Your Outage Ready

EnergyTrak™ provides detailed information on:

- › Generator status (running, ready, fault)
- › Utility grid power status (on/off)
- › Battery state-of-charge (for batteries)

Gain ultimate peace of mind with EnergyTrak™. Visit energy.briggsandstratton.com/energytrak to learn more.

Expertise and Quality You Can Trust.
